## Union Vessel Muster Rolls Digitized on National Archives Website

Civil War U.S. Navy vessel muster rolls are located in Record Group 24: Records of the Bureau of Navy Personnel, 1798-1939, Muster Rolls of Ships, 1860-1900 (Entry PI-123, Inventory Entry Number 132, National Archives Identifier 563603). The following is a list of muster rolls with active links to those records that are presently available on the National Archives website, which can be challenging to locate using the site's search engine. Muster roll records of these vessels may include years outside of 1861-1865. The list was compiled by Karen Needles, Founder and Head of the Lincoln Archives Digital Project (<a href="lincolnarchives.org">lincolnarchives.org</a>) and is provided for the benefit of *Civil War Navy—the Magazine* (<a href="civilwarnavy.com">civilwarnavy.com</a>) subscribers and Civil War naval researchers. As additional digitized records are available or if you know of others on the National Archives website not noted here, please contact Gary McQuarrie, Managing Editor at <a href="gary@civilwarnavy.com">gary@civilwarnavy.com</a> so that we might update the resource. The resource will be posted on the magazine's website under Resources/Downloads.
